memoirs of an infantry officer is a novel by siegfried sassoon first published in 1930 now public domain it is a semi fictionalised but very realistic account of sassoon s own life during and

immediately after world war i soon after its release it was heralded as a classic and was even more successful than its predecessor memoirs of a fox hunting man

excerpt from the training of an infantry company this booklet has not been written for the use and benefit of officers and non commissioned officers of long experience and proved skill in the profession of training men for battle to such as these it may only provide an object of criticism for in the course of years spent in turning recruits into trained soldiers they will have formulated to themselves and adopted some system of training which they found productive of the best results under their own guidance but there are many at present and at a future time should certain circumstances arise in the life of the nation there may be very many more who may not have such stores of experience to draw on and yet may be faced with the problem of rapidly converting an untrained or only partially trained body of men into a force capable of acting successfully in real war both in attack and defence against trained and disciplined troops again it is written not for officers commanding battalions about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

in memoirs of an infantry officer siegfried sassoon masterfully chronicles the harrowing experiences of world war i through the eyes of a fictionalized version of himself lieutenant george sherston this semi autobiographical work employs a vivid and evocative prose style that immerses readers in the challenging realities faced by british soldiers blending gritty realism with reflective introspection set against the backdrop of the trenches sassoon explores

themes of bravery trauma and the disillusionment of war capturing the stark contrasts between the romantic notions of heroism and the brutal truth of combat while also examining the profound psychological effects of warfare on the individual psyche siegfried sassoon a soldier poet was influenced by his own experiences serving in the british army during the first world war a decorated officer who became increasingly disillusioned with the war his personal narrative shaped the poignant and critical perspective of his writing sassoon s literary prowess was nurtured by his earlier poetry which challenged the traditional glorification of war and expressed deep empathy for the suffering of soldiers setting the stage for his more extensive prose work memoirs of an infantry officer is an essential read for anyone interested in the human condition during wartime sassoon s exploration of memory identity and the impact of war makes this book a profound meditation on courage and vulnerability inviting readers to reflect upon the true cost of conflict and the indelible marks it leaves on those who live through it
